

IOL Strategic Goals of Radical Recovery in Severe Mental Illness: A Case Study

presented by

Emily Rosen-Wachs, DO; Ronald Weir, MD; Carolina Vicens Cardona, MD; Isabel Guillen-Mendez, MD; Andrew Ding, MD; Lilly Rizzo, MD

5/4/2023 12:00:00 PM

Learning Objectives: *As a result of participating in this Live Activity, participants should be able to:*

- 1 Recognize the neurobiology of schizophrenia*
- 2 Develop a basic understanding of the leading causes of death in psychiatric patients, the overlap in pathophysiology of psychiatric and cardiometabolic diseases, and basic approaches to treating both through nutrition.*
- 3 Identify different type of coercive practices commonly used in psychiatry*
- 4 Assess the risks and benefits of restraints in the psychiatric setting, and identify strategies to mitigate bias in restraint use.*
- 5 Review the role of family in treatment of patients with schizophrenia*

Accreditation Statement: In support of improving patient care, Hartford HealthCare is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Credit Designation Statement: Hartford Healthcare designates this Live Activity for 1.25 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with their participation. This activity is approved for 1.25 ANCC contact hour(s).
