

# *The Impacts of Climate Change on Pediatric Mental Health*

presented by

*Joshua R Wortzel, MD*

**11/30/2023 12:00:00 PM**

**Learning Objectives:** *As a result of participating in this Live Activity, participants should be able to:*

- 1 Describe the relationship of temperature with the prevalence of mental health disorders, how psychiatric patients are more prone to thermodyregulation, and the role of serotonin and other neurotransmitters in thermoregulation*
- 2 Review the neuropsychiatric sequelae of nutritional deficiencies secondary to climate change*
- 3 Assess the traumatic and existential impacts of climate change on pediatric mental health and what to do about it*

**Accreditation Statement:** In support of improving patient care, Hartford HealthCare is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

**Credit Designation Statement:** Hartford Healthcare designates this Live Activity for 1.25 *AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should only claim credit commensurate with their participation. This activity is approved for 1.25 ANCC contact hour(s).

**Financial Disclosures:**
